

Winner's Circle

Winners' Circle Groups offer safe, positive, non-judgmental, relaxed places for *participants to develop healthy lifestyles, learn and practice life and community skills, and share support, encouragement, and success with others at similar places in their lives. Through *Winners' Circles*, participants gain the rewards of genuine self-care and mutual respect, while also learning skills and behaviors that help them assume responsibility for self-direction and have positive interactions in their families, at work, and in their communities.

Eligibility - There are only a few requirements for joining a *Winners' Circle*. Participants need to: have a desire to work toward their own healing and recovery, want to help others by providing encouragement and support, be at least 18 years old, and agree to come to meetings clean/sober and with no weapons.

*Family members, friends, and allies are also welcome to participate in *Winners' Circle*

LET IT BEGIN WITH ME
